**System Specific**

Advanced Aerobic Effluent Treatment Solution

Advanced Sewage Treatment Solution

Advanced Anaerobic Effluent Treatment Solution

 Click to view :

## Industry Specific Solutions

Advanced Textile Effluent Treatment Solution

Pulp & Paper Effluent Treatment Solution

Advanced Dairy Effluent Treatment Solution

 Click to view :

## Problem Specific Solutions

Advanced Biogas Generation Solution

Control & Removal of Foam from Effluent

Removal of Ammoniacal Nitrogen from Effluent

Enhanced Fats, Oil & Grease Reduction Solution

# Cleanmaxx AERO

**Versatile  
Industrial  
Solution**

**Odour  
reduction**

**Reduce  
COD-BOD**

**Operational  
savings**

# Cleanmaxx ANB

**Bio-digester  
commissioning**

**Effluent  
Optimization**

**Lends stability  
to system**

**Odour reduction**

# Cleanmaxx Sewage

**Improves water clarity for reuse**

**Maximum odour reduction for reuse**

**Lends stability to system**

**Effluent Optimization**

# Cleanmaxx Dairy

**Milk fat & Whey  
Degradation**

**Advanced Dairy  
Effluent Treatment Solution**

**Maximum  
Odour Control**

# Cleanmaxx TXT

**Effective  
dye decolourisation**

**Effective reduction  
of COD/BOD**

**Advanced Textile  
Effluent Treatment Solution**

# Cleanmaxx PnP

**Degrades  
Lignocellulose**

**Boosts treatment by  
reducing COD/BOD**

**Pulp & Paper  
Effluent Treatment Solution**

# Cleanmaxx ANB+

**Boosts bio-gas  
production**

**Effluent  
Optimization**

**Lends stability  
to system**

**Odor reduction**

# Cleanmaxx FOG

**Maximum reduction  
in Fats Oil & Grease**

**Effluent  
Optimization**

**Lends stability  
to system**

**Odor reduction**

# Cleanmaxx AN

**Remove ammonical  
nitrogen & boost  
treatment**

**Effluent  
Optimization**

**Lends stability  
to system**

**Reduce  
energy consumption**

# Cleanmaxx ANTIFOAM

**Long term  
metabolic foam control**

Superior Bioformulation for Wastewater Treatment
