## *About Godrej Security Solutions*

**The undisputed leader** in innovation and the most trusted in the Indian security industry, Godrej Security Solutions (GSS) consistently strives to surprise customers with path breaking security solutions. Keeping the customer needs at the forefront and backed by more than a century of experience and expertise, GSS has been at the helm of every breakthrough in the Indian security industry. Over the years, we've evolved from a safes manufacturer to a comprehensive security solutions provider offering hi-tech and intelligent technology driven products and services.

Today GSS exports to more than 55 countries worldwide and offers a wide range of security products that run the gamut from sturdy safes and world-class fire resistant solutions to advanced vault equipment and resilient strong room doors. With customer convenience being at the heart of all that we do, we offer solutions that go beyond the expected. We firmly believe it is these small moments that have the power to effect change. Take for instance, our next-gen safe deposit lockers that go the extra mile by offering complimentary accessories such as a log book and a handy magnetic light. Or for that matter, our range of automated safe deposit lockers that allow patrons to sit comfortably and summon their lockers at the swipe of a card. Precise innovations that comfort and assure customers only add to our credibility and elevates the trust in us. Even as you read this, our team of security experts are working hard and smart to invent new ways to harness technology and bring you tomorrow's products, today.

**We believe in taking the first step into the future and that's what defines the Godrej legacy of stellar quality, exemplary service and unwavering trust.**

## BANKS / FINANCIAL INSTITUTIONS

Money is the gateway to the pleasure in life, at the same time it's a vice that attracts unwanted trouble. A bank needs to ensure the safety of not just customer's assets but also the safety of its employees, customers, property and reputation. Moreover, the rising threat with every passing moment calls for banks to prioritize and adopt hi-tech security measures.

Godrej Security Solutions can become a pillar for surveillance of Banking Sector with advanced AI technologies. Smart features will Deter Robberies, Crime Investigation, Fraud Check, Combat Phantom ATM withdrawals, Coordinate information from Multiple Locations, Integration with Alarm Systems, Continuous surveillance and enhance customer confidence.

Smart IP Solutions AI-empowered video security surveillance acts as a 24 X 7 guard in premises. Godrej Security Solutions, with a wide range of security offerings helps users enjoy a safer and more enriching analytical experience at a cost which delivers reliability and performance via CMS.

The Powerhouse is committed to provide safer solutions with all-in-one hardware architecture to build a safer and smarter environment for today and tomorrow.

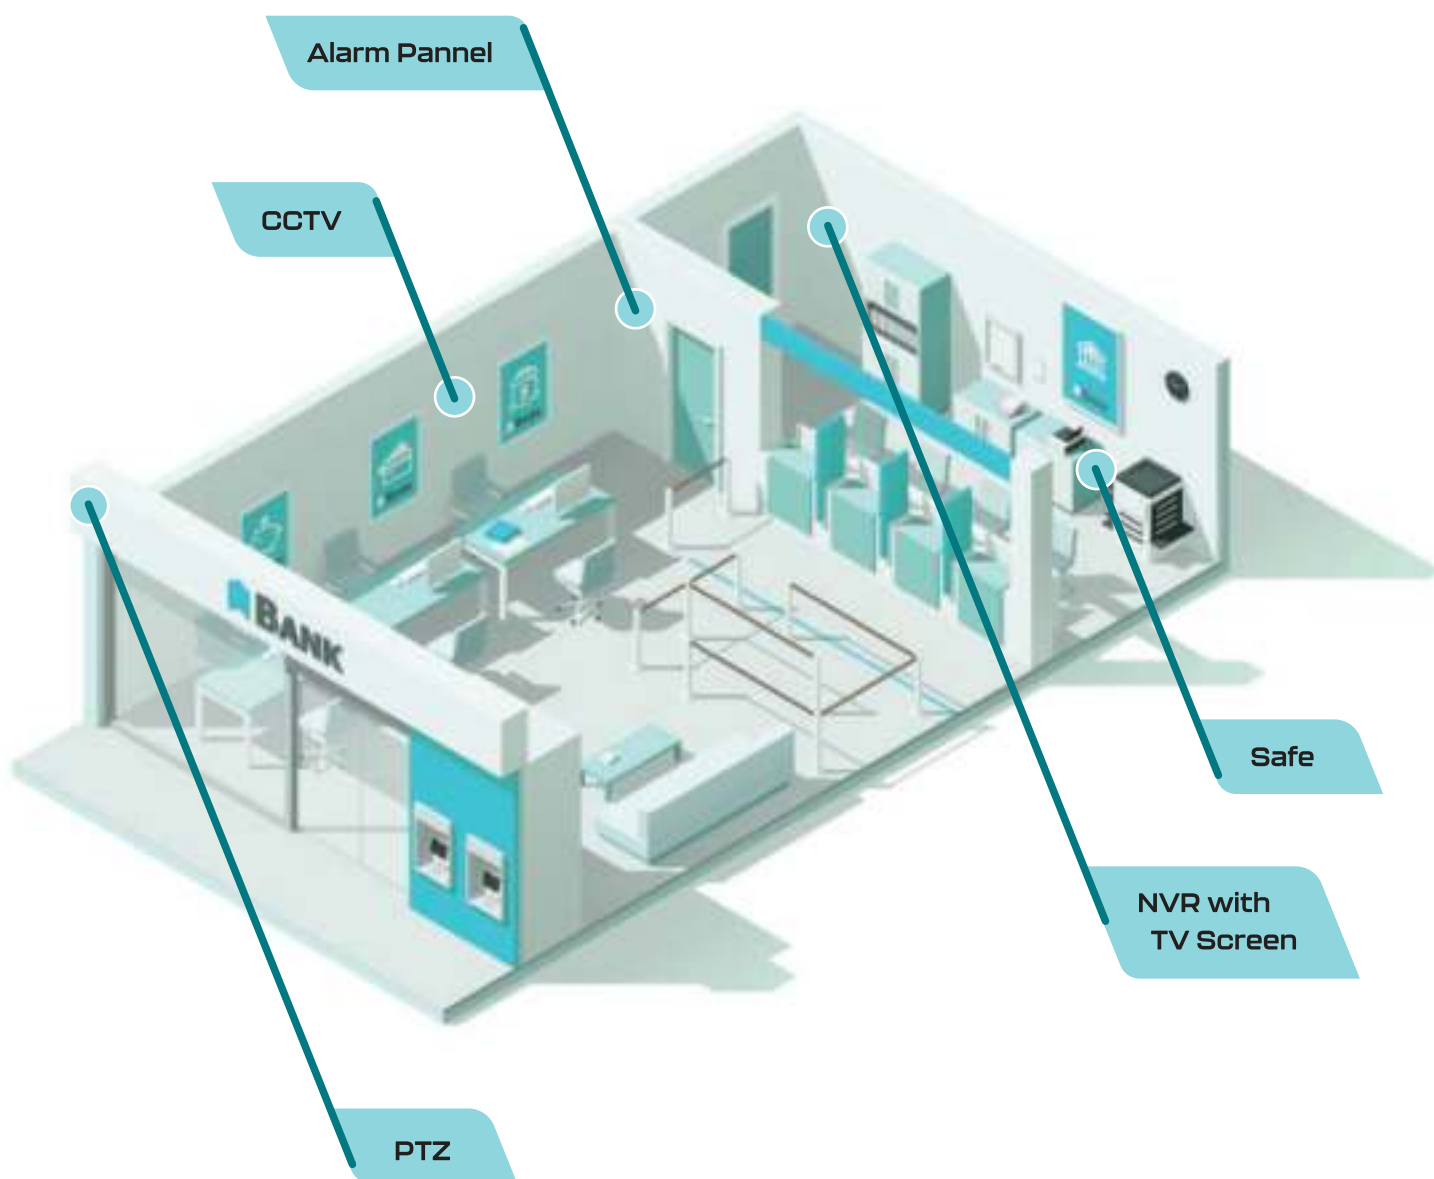

### **BENEFITS:**

- Secure and smooth CCTV Surveillance.
- Simplified evidence collection and detailed records.
- Boosted operational efficiency via powerful remote control and statistics reports
- CMS for centralized monitoring with intelligence.

### **FEATURES:**

- Intelligent AI features enabling minute level monitoring.
- Audio capture with SD card support at edge level for securing important surveillance and data.
- Different entry/exit rules for different groups of vehicles
- On screen display analysis of System Health check.
- Intelligent Alarms on each level in case of security breach.

*Ideal site representation for  
Banking & Finance*

# CCTV CAMERAS NVR - DVR - POE Surveillance System

Security is at the core of any life, every institution and a nation. Human surveillance comes with many limitations. At the same time, it's also neither practical nor feasible to employ a huge number of people merely for surveillance.

Godrej Security Solutions has cutting-edge solutions that take care of detecting trouble and also warn so that no harm is caused and preventive action can be initiated. Be it the smart Cameras/NVR with AI, the CMS for centralized monitoring, cameras that employ Edge-based analytics with intrusion alarm inputs, or specialized camera like ANPR, Hazard cameras that come armed with a hooter, or the next-gen SIM based solar camera, Fish eye camera and other intelligent cameras for Face and Intrusion detection with alerts, every security solution allows one to keep a watch on home, loved ones or any premise with ease. What's more, surveillance can be done remotely, without you even being there at the exact location. That's the power of futuristic technology from Godrej Security Solutions at your command. It not only makes life secure but also adds value to businesses and institutions.

# EAGLE-I NXT

## Home Alarm System

The Eagle-I NXT system is latest generation alarm system that connects to the internet via WiFi or LAN cable, and also offers SMS backup. The Eagle-I NXT is safe, reliable and full of features that boost your security to a whole new level. The Eagle-I NXT offers a wide range of accessories that help you both secure your home and make your everyday life easier. It has all the expected security accessories, such as 2-way pet immune motion sensors, opening contacts for securing your doors and windows, smoke alarms, remote , vibration sensors, hooter cum stobe etc. All accessories are connected wirelessly to the Eagle-I NXT panel and have an industry-wide range between the accessories and the panel, which completely eliminates the need for signal boosters.

### Features

Wi-Fi Enabled

Push Notifications and SMS

5 - Hour Standby\*

100 dB Siren

Coverage up to 300 Mtr

Supports LAN Cable Connection

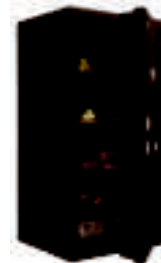

Supports GSM Card

Connect Remotely via App

# PRIME NEUTRONICS WITH SMART FOG

## Prime Neutronics

Defender Prime Neutronics is the Next Gen 'Intelligent' safe that provides advanced technological features over and above its time-tested physical strength.

Built to Deter, Detect, Delay, Defend, and Deny, the Defender Prime Neutronics safe uses Advanced Technology to secure and defend itself against the most intense forms of modern day attacks. This intelligent safe can easily sense a threat and alert you, while defending itself with in-built technological reinforcements.

## Smart Fog

Smart Fog is a compact yet powerful fogging security system that works to stop intruders in their tracks. A motion sensor detects break-ins and triggers the gas diffuser to emit the densest fog. It can cover up to 600 m<sup>3</sup> in under 30 seconds. While the foggy conditions last for 30-40 minutes, the low visibility (<1m) causes burglars to abandon their plans and leave the premises as quickly as possible!

## Features

### I-Alert

In the event of a burglary attempt, the safe is equipped to trigger a local alarm via a hooter and sends an alert to up to eight registered phone numbers.

### Torch and Tool Resistant\*

Provides resistance to combat modern day torch and tool attacks.  
\*For class BB safes and above

### High Precision Locks

8-lever dual-control brass locks offer high number of combinations. These locks offer massive resistance against pilferage

### Robust Construction

Two-step door and frame construction for higher resistance against fire and burglary

### Robust Fogging System

Powerful and fast fogging system, can cover up to 600 m<sup>3</sup> in under 30 seconds

### Duress(SOS)

Sends a silent alarm to registered users in the event of a distress situation, only applicable for safes with electronic or biometric lock.

### Automatic Relocking Device

Sets the safe into a deadlock with two relockers and an additional beta relocker to protect from precision attack on the lock.

### Double Duty Barrier

Provides resistance against burglary attacks and renders the safe fire-resistant.

### Certified Fire Resistance

Class C safes have successfully withstood the one-hour fire resistance test carried out at C.B.R.I., Roorkee, India.

### Add-ons

Possible to add optional boards inside the cabinet, such as alarm centrals, sensors, etc.
