About Godrej Security Solutions

The undisputed leader in innovation and the most trusted in the Indian security industry, Godrej Security Solutions (GSS) consistently strives to surprise customers with path breaking security solutions. Keeping the customer needs at the forefront and backed by more than a century of experience and expertise, GSS has been at the helm of every breakthrough in the Indian security industry. Over the years, we've evolved from a safes manufacturer to a comprehensive security solutions provider offering hi-tech and intelligent technology driven products and services.

Today GSS exports to more than 55 countries worldwide and offers a wide range of security products that run the gamut from sturdy safes and world-class fire resistant solutions to advanced vault equipment and resilient strong room doors. With customer convenience being at the heart of all that we do, we offer solutions that go beyond the expected. We firmly believe it is these small moments that have the power to effect change. Take for instance, our next-gen safe deposit lockers that go the extra mile by offering complimentary accessories such as a log book and a handy magnetic light. Or for that matter, our range of automated safe deposit lockers that allow patrons to sit comfortably and summon their lockers at the swipe of a card. Precise innovations that comfort and assure customers only add to our credibility and elevates the trust in us. Even as you read this, our team of security experts are working hard and smart to invent new ways to harness technology and bring you tomorrow's products, today.

We believe in taking the first step into the future and that's what defines the Godrej legacy of stellar quality, exemplary service and unwavering trust.

CCTV CAMERAS NVR - DVR - POE Surveillance System

Security is at the core of any life, every institution and a nation. Human surveillance comes with many limitations. At the same time, it's also neither practical nor feasible to employ a huge number of people merely for surveillance.

Godrej Security Solutions has cutting-edge solutions that take care of detecting trouble and also warn so that no harm is caused and preventive action can be initiated. Be it the smart Cameras/NVR with AI, the CMS for centralized monitoring, cameras that employ Edge-based analytics with intrusion alarm inputs, or specialized camera like ANPR, Hazard cameras that come armed with a hooter, or the next-gen SIM based solar camera, Fish eye camera and other intelligent cameras for Face and Intrusion detection with alerts, every security solution allows one to keep a watch on home, loved ones or any premise with ease. What's more, surveillance can be done remotely, without you even being there at the exact location. That's the power of futuristic technology from Godrej Security Solutions at your command. It not only makes life secure but also adds value to businesses and institutions.
